BIG FOOT STOOL

The Big Foot Collection, a nod to the innovative spirit of 1970s futuristic design and the space age era, redefines seating with its array of benches and stools. Infused with the raw, unrefined charm of brutalist architecture and the finesse of contemporary sculpture, this collection stands out with its impactful design language. The Big Foot pieces, from the visionaries Kristian Sofus Hansen and Tommy Hyldahl, are more than just furniture - they are a harmonious blend of functional artistry and luxurious comfort. At the heart of each item in the collection are the cylindrical legs, which exude modern sophistication, making each piece a distinctive icon of style.
Upholstered in Sunproof, a high-performance fabric made from Olefin, the chair is designed to thrive in outdoor environments. Resistant to rain, sunlight, and daily wear, Sunproof offers a sophisticated Warm Ash colour, a grey-beige texture that harmonizes beautifully with natural outdoor surroundings

Designed by Kristian Sofus Hansen & Tommy Hyldahl.
