BIG FOOT STOOL

The Big Foot Collection, inspired by 1970s futuristic design and space age, offers benches and stools that blend brutalist architecture with contemporary sculpture. Created by Kristian Sofus Hansen and Tommy Hyldahl, these pieces are both functional art and luxurious comfort. Their cylindrical legs add modern sophistication, making each piece a distinct style icon and conversation starter. The collection blends visionary design with meticulous craftsmanship.
The Big Foot Stool comes in four upholstery options: Off-White Bouclé for chic elegance, durable Linen for daily use, Off-White Sheepskin for softness, and exquisite Italian Nubuck Leather for unmatched comfort. Each option embodies innovative aesthetics and meticulous attention to detail, providing luxurious comfort.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 242003

Type: Stool

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2019

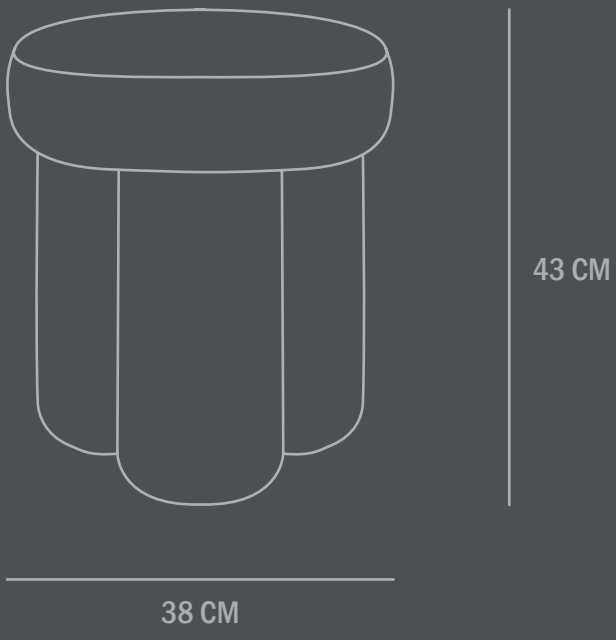

Colour: Nubuck
Material: Nubuck Leather

Care instructions: Use a soft brush during vacuum cleaning to avoid damage. Avoid using soap or water, as it can change the velvety appearance and texture of the leather. Please avoid applying leather grease or soaking the material. Do not use any kind of chemical products like saddle soap, other leather cleaners, or household products. Shield the leather from direct sunlight, excessive heat, and sharp objects to maintain its quality and longevity.
