PHANTOM TABLE TALL

Characterized by its intentional naive and handmade expression, the Phantom Table reveals its unique casting technique. The series is at once fragile, delicate, and bulky in its appearance. The Phantom coffee tables are available in two sizes: a tall version and a low version, both made of cast aluminum.

Choose between the hand-painted burned antique color, with a raw and unpolished surface, emphasizing a warm subtle glow; the polished aluminum variation in chrome finish with a shiny, mirror-like surface, offering a sleek and modern expression; or the new beautiful color birch, hand-painted with soft, natural tones reminiscent of birch bark, blending warmth and serenity into any setting. This variation adds an organic, tranquil charm while retaining the intentional and artisanal look that defines the Phantom series.

Each variation preserves the sophisticated and subtle expression that makes the Phantom Table a versatile choice for any interior.
