SAHN CHANDELIER

The Sahn Chandelier, available in a striking chrome or bronze finish, draws inspiration from 1970s futuristic design and space-age aesthetics. This timeless piece is designed for versatility, with each arm and lampshade capable of twisting and turning, allowing you to create dynamic, sculptural lighting tailored to your space.

The chrome exterior exudes modern sophistication, while the interior of each lampshade is coated in a warm white tone to enhance illumination with a soft, inviting glow. The beautifully crafted bronze-plated metal option is meticulously hand-brushed, offering a stunning contrast that complements any room.

Named after the Japanese word for ”three,” the Sahn Chandelier is defined by its trio of distinct lampshades, each providing a unique lighting experience. Together, they add depth, movement, and a playful character to this iconic design.
