SHINJU TRAY BIG

Shinju, the Japanese word for Pearl, is a collection of trays carried on ceramic pearls. Differentiating in size and positioned sporadically, the pearls adds a certain lightness and becomes a jewellery-like detail.

The rectangular shape and depth of the tray, makes Shinju ideal for different storage purposes, or as a decorative object with a branch or set of dry flowers.

Shinju Tray comes in two sizes and is made from ceramic. The surface is hand glazed in order to achieve a unique surface texture. The colours may vary slightly, due to that it is a handmade product. The tray is not 100% waterproof.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 233031

Type: Tray - Indoor

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2022

Colour: Coffee
Material: Fiber Concrete

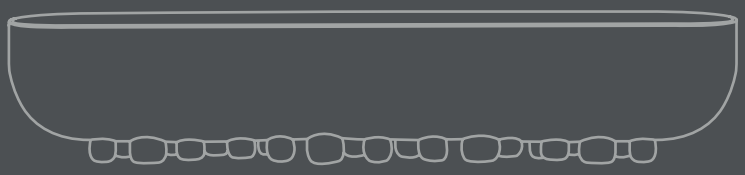

Care instructions:
Use a soft dry cloth to clean the product.
Do not use household cleaners.
Not waterproof.
Not food approved.

Dimensions: L80 / W18 / H15 CM

Country of origin: CN
Product weight: 5,5 Kgs

Packaging:
Dimensions: L87 / W24 / H22 CM
Total weight incl. product: 7 Kgs
Number of parcels: 1
Material: Brown cardboard

80 CM
