SUBMARINE VASE FAT

Submarine collection is a series of exquisite vases inspired by the unmatched elegance of Japanese artistry. Combining the simplicity of classical forms with the charm of Scandinavian design, this collection redefines minimalist sophistication.

The Submarine collection features three distinctive sizes and shapes, each with its own unique character. Displayed individually or as a captivating ensemble, these vases evoke a sense of serenity and refinement with their graceful curves and polished lines. Their seamless blend of form and function is a testament to the essence of true craftsmanship.

As it is a hand glazed natural product, the colours may vary slightly and as it is not 100% waterproof, a bag for fresh flowers is included.
