SUMO VASE PETIT

Sumo celebrates the human body. As a reference to the Japanese sport Sumo, all vases are voluminous in size and shape, resting on top of narrow pointing legs. All vases have different openings from the traditional narrow vase openings to double openings and deep carved openings.

The Sumo collection looks at the contrast between familiar vase shapes and the addition of more artistic, abstract ideas and details, questioning our individual perceptions of the shape of a vase. The Sumo collection is designed as a stand-alone artistic object yet forming a united family of objects when gathered.

Each piece is meticulously glazed on the inside with a waterproof lacquer, ensuring that the Sumo is entirely waterproof and perfectly suited for displaying fresh bouquets.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 245114

Type: Vase - Indoor

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2019

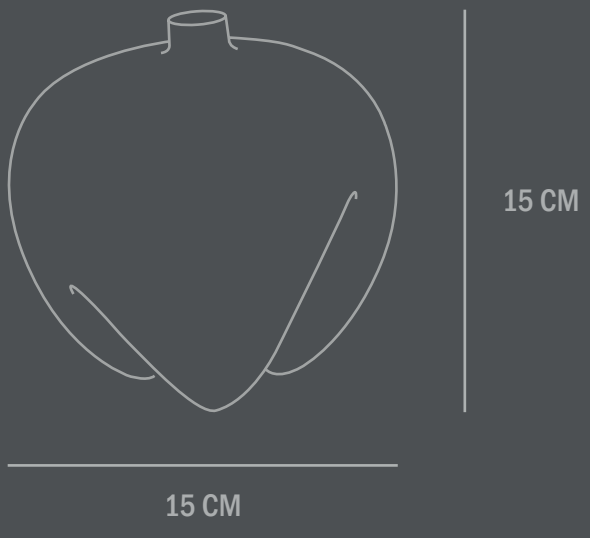

Colour: Bone White
Material: Ceramic

Care instructions:
Use a soft dry cloth to clean the product.
Do not use household cleaners.
Waterproof

Dimensions: L15 / W15 / H15 CM
Country of origin: CN

Product weight: 0,82 Kgs

Packaging:
Dimensions: L20 / W20 / H21 CM
Total weight incl. product: 1 Kgs
Number of parcels: 1
Material: Brown cardboard
