TEMPLE COFFEE TABLE TALL

Rich in architectural references, the Temple Coffee Tables evoke the elegance of architectural facades, creating a play of tactile and reflective surfaces. Featuring a hollow metal base with a chrome mirror finish, the base interacts with its surroundings and creates the impression of a floating rock. The table features two staggered blocks, emphasizing a dynamic contrast between tactile and polished surfaces.

The tabletop, made from natural limestone, remains a striking contrast to the sleek mirror chrome base. Exuding exceptional craftmanship, the raw finish each side is made by hand carving, while the smooth top surface is polished by machine and afterwards treated with a water-based sealer for improved durability. The combination of materials brings out both visual depth and balance. Available in two sizes, Temple Coffee Tables is a versatile product suitable for use as coffee tables, side tables, or plinths to display objects. The natural stone top retains its unique characteristics, showcasing subtle imperfections that celebrate the beauty of the material.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 251038

Type: Coffee Table

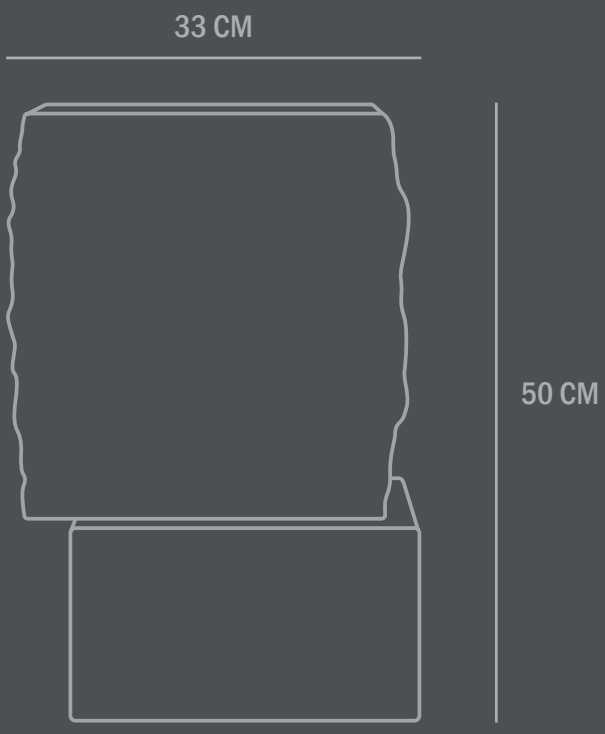

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2024

Colour: Limestone & Chrome
Material: Limestone & Metal

Care instructions:
For daily cleaning, use a soft, damp cloth or sponge to gently wipe the limestone surface. This helps remove dust, dirt, and surface impurities. After cleaning with a damp cloth, use a dry, soft cloth to thoroughly dry the surface and prevent any moisture from lingering, which can potentially cause water stains. Never use products that contain acidic substances such as vinegar, lemon, or any other acidic cleaners on limestone surfaces. Acidic substances can etch and damage the surface, causing stains and discoloration. Use pH-neutral, non-acidic stone cleaners or mild, specially formulated limestone cleaners if necessary. Always test any new cleaning product on a small, inconspicuous area before applying it to the entire surface. Limestone is suitable for outdoor use.

Dimensions: L33 / W32 / H55 CM
Product weight: 37,3 Kgs
Country of origin: CN
Weight capacity: 150 Kgs

Packaging:
Dimensions: L39 / W38 / H56 CM
Total weight incl. product: 40,3 Kgs
Number of parcels: 1
Material: Wooden Box
