WING BOWL BIG

It is all about gravity and a sense of floating through the air. Wing is a sculptural collection of bowls that makes one want to be lifted into thin air even though its presence is very much grounding as well. The silhouette is made up of two wings and a single cylinder-shaped leg as a steady contrast. Use Wing as a container or as a standalone art piece on the table. Note that it is not 100% waterproof.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 221008

Type: Bowl - Indoor

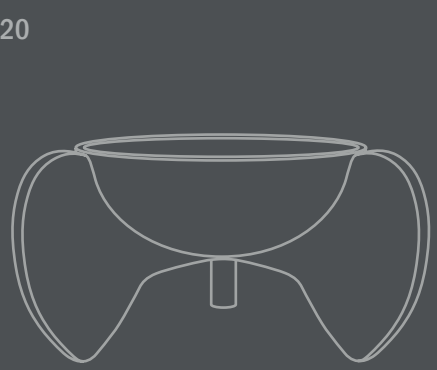

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2020

Colour: Sand
Material: Ceramic

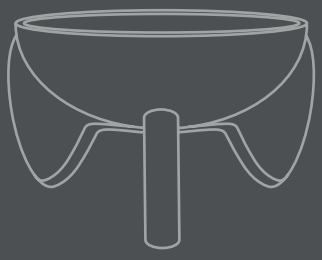

Care instructions:
Use a soft dry cloth to clean the product.
Do not use household cleaners.
Not waterproof
Not food approved

Dimensions: L36,5 / W30 / H20 CM
Country of origin: CN
Product weight: 2,50 Kgs

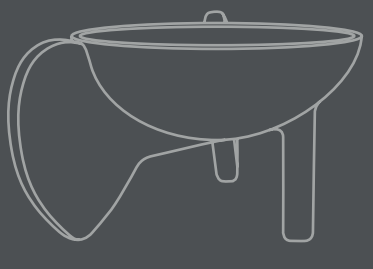

Packaging:
Dimensions: L41 / W38 / H28 CM
Total weight incl. product: 3,50 Kgs
Number of parcels: 1
Material: Brown cardboard
