GT1500

A

B

The GT1000 and GT1500 are voluminous pendant lamps with ribbon shades, especially designed for projects with expansive spaces. Both lamps feature a large translucent disc that hides the powerful dimmable LED plate and pleasantly diffuses the light.

This is a colourful family that varies in size without altering its essence, creating rich luminous tones. With the light on, the shade provides a warm light, rich in nuances. With the light off, this lamp is a sculptural statement piece that enhances the room.

General description:

Capsule with LED module, translucent white diffuser and heat sink with matte black finish.

Natural, red-amber or black ribbon lampshade.
