

Description

KNOT is a collection of stately lights that appose two dramatically dissimilar materials. The design combines coarse natural fibre with smooth, transparent handblown glass to arouse a contrast as striking as it is dignified.

Tech. description

Knot Battery is a portable battery-powered light offering approximately 4.5 hours of operation at full brightness. The LED module is integrated into the metal base of the light. The light is equipped with a magnetic connector Magconn for charging via USB. On, off, and brightness settings are controlled by means of a touch dimmer in the base. The outer rope is treated with a special penetrant to protect it against atmospheric influences. The light comes with its own USB charging cable.

CONSTRUCTION SPECIFICATION

Weight: 7 kg
 Construction material: glass, metal
 Cord length [mm]: -
 Mounting: Table
 Environment: Outdoor

DIMENSIONS [mm]

ELECTRICAL SPECIFICATION

Charging: 5 V, 1,4A max.
 Connector: Magconn M10PC-RXC2M
 charging time: 6,5 hod.
 Lighting time: +/- 4,5 hod.
 Max. power [W]: 4 W LED
 Coverage IP: 44
 Socket: -
 Light source: LED module
 Energy class: A+, A - LED
 Protection class: 3
