

Description

Puro Eclectic is a new suspension light composition comprising handblown Puro tubes. The primary aim was to create a simple yet linearly dynamic and expressive composition to hang above dining tables. The name Eclectic was chosen based on the variously adjustable diagonal and intercommunicating glass tubes.

Tech. description

The Puro Eclectic light comprises three Puro tubes suspended from a single ceiling canopy. Each tube is hung from the power cable with Brokis connector and a wire rope. The electronics are housed in the ceiling canopy.
